APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of The City of Toronto, application will be made to the Legislative Assembly for the Province of Ontario at its next session for Special Legislation to provide:

1. That the City may by by-law assume, from year to year as it falls due, the whole or any part of an owner's portion of a special assessment made in respect to the cost of works done under the authority of a by-law passed pursuant to *The Local Improvement Act*, and upon such by-law being passed, the owner shall be relieved from payment of such special assessment or the part thereof so assumed by the City. The proposed legislation will further provide that neither the assent of the electors nor the approval of the Ontario Municipal Board is required in respect to such by-law.
2. That by-laws dealing with permit parking on City streets would no longer be subject to the approval of the Ministry of Transportation and Communications.
3. That by by-law the City may authorize and person therein named or anyone acting on his behalf to enter on any property to inspect and examine any tree which he believes is in a condition creating an immediate hazard to persons and property, and to remove such tree or otherwise remove the condition creating the hazard, without notice or compensation. When acting under the authority of such by-law, the City will not be liable if reasonable skill, care and judgment are exercised. Any person who is obstructed in doing what is authorized by such by-law may call for the assistance of any constable, and any constable so called has a duty to render such assistance. The City shall

have a lien for any amount expended by it or on its behalf under the authority of such by-law, and such amount may be collected in like manner as real property taxes, however, the City may provide such services at its expense in respect to properties owned by any class or classes of persons.

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its next session, for Special Legislation to provide:

1. That the City may pass by-laws which prohibit the refusing of a blind person entry to, use of or accommodation in all residential accommodation, conveyances, eating places, lodging places, places of amusement and all places to which the public is invited or has access, by reason only that such person is accompanied by a dog guide. Such by-laws may establish measures which must be taken by a blind person accompanied by a dog guide as a condition to the entry into, use of or accommodation in the foregoing facilities, and such by-laws may further establish a class or classes of such facilities which may be exempted therefrom. In addition, any such by-laws may prohibit the charging of a fee in respect to a dog guide. NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of The City of Toronto, application will be made to the Legislative Assembly for the Province of Ontario at its next session for Special Legislation to provide:

1. That the City may by by-law assume, from year to year as it falls due, the whole or any part of an owner's portion of a special assessment made in respect to the cost of works done under the authority of a by-law passed pursuant to *The Local Improvement Act*, and upon such by-law being passed, the owner shall be relieved from payment of such special assessment or the part thereof so assumed by the City. Any person who is obstructed in doing what is authorized by such by-law may call for the assistance of any constable, and any constable so called has a duty to render such assistance. The City shall have a lien for any amount expended by it or on its behalf under the authority of such by-law, and such amount may be collected in like manner as real property taxes, however, the City may provide such services at its expense in respect to properties owned by any class or classes of persons.

CITY OF TORONTO

SECOND SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its present session, for Special Legislation to provide:

1. That an order issued under the City's standard of housing legislation will no longer state that the owner must repair or demolish the dwelling. All such orders will require the owner to repair the dwelling in accordance with a by-law passed pursuant to the standards of housing legislation. The proposed legislation however preserves the owner's right to demolish providing he complies with any other Act or regulations or by-laws thereunder. The Council may pass by-laws ordering the removal or demolition of any dwelling which in the opinion of the Council is unfit for human habitation or dangerous to the health or safety of persons and which the owner has failed to repair in accordance with an order as confirmed or modified. The existing standards of housing legislation provides the appeal procedure from such a by-law.

2. That notwithstanding section 361 of *The Municipal Act* and the levy made thereunder for 1975 against persons in the Roncesvalles Business Improvement Area, the City may refund the special charge so levied and collected to the persons who have paid it and that the City may assume at its own expense accounts incurred by the Board of Management for the Roncesvalles Business Improvement Area.

3. That notwithstanding any other Act, where land is or is to be acquired for a public park or a public park is to be established or laid out, the Council may pass by-laws to define one or more areas in the City which in the opinion of the Council derives or will derive special benefit from the

acquisition, establishment or laying out and improvement of such public park, and thereafter the Council may levy the cost or any part of the cost of the acquisition, establishment, laying out and improvement of the land for the public park against the lands in the defined area and the cost so levied shall be payable in such number of annual instalments as prescribed by the Council, and the cost chargeable against the lands in the defined area shall be apportioned in the same ratio as the assessment of each parcel bears to the total assessment of all parcels in the defined area which are subject to such levy. The proposed legislation will provide that any such levying by-law will be subject to the approval of the Ontario Municipal Board and that Council must give notice of its application for such approval, in such manner as the Ontario Municipal Board directs, to the assessed owners of each parcel of land subject to the levy and such notice shall contain a statement of the total cost to be levied on the land in the defined area, the part of such cost to be apportioned to the particular parcel of land and the number of instalments by which the cost so levied is payable. The proposed legislation will exempt from such levy certain classes of land in respect of which a conveyance of land for park purposes or cash payment in lieu of conveyance has been accepted by the City. Also exempted from such levy would be land in respect of which a contribution was made to the City for public park purposes within ten years of such levy being made to the extent of the contribution made, and land used for residential purposes, other than a hotel or apartment hotel, so long as it continues to be used for residential purposes. The levy will apply to land in the defined area not exempted by the proposed legislation notwithstanding that it is exempt from taxation under any general or special Act. Monies collected by such levy shall be used to defray the cost of the acquisition, establishment, laying out and improvement of land for public park purposes in the defined area. Each and every instalment of the cost so levied is a special lien on the land within section 511 of *The Municipal Act* and may be collected in the same manner as municipal real property taxes. The Council will be authorized by the proposed legislation to prescribe by by-law the terms and conditions upon which such amounts so levied may be commuted for a payment in cash.

1. Section 4 of Ontario Regulation 372/73 is amended by adding thereto the following clauses:

(d) natural gas, manufactured gas, or any product commonly designated in the petrochemical industry as liquefied petroleum gas, when any of them is used to operate a motor vehicle with respect to which a permit issued under subsection 3 of section 6 of *The Highway Traffic Act* is neither required nor in force;

2. Sections 5 and 6 of the said Regulation are revoked and the following substituted therefor:

(a) by any person in respect of any product that is excluded by this Regulation from the application of the Act;

(b) by any person exempt under this Regulation from the payment of the tax imposed by the Act;

(c) on the use of fuel for any purpose other than generating power by internal combustion; or

such tax may, upon application by the person who paid the tax, be refunded to the applicant.

(2) Subject to subsection 3, the Minister may, upon application from a purchaser, refund the tax paid after the 7th day of April, 1975 on fuel purchased after that date where the fuel has been used to operate auxiliary equipment of a motor vehicle, the power from which auxiliary equipment is not used or designed for the propulsion of a motor vehicle on the highway, and where the motor vehicle to which such equipment is auxiliary is not principally used by its owner or operator for the transportation of passengers, whether or not for hire, or for the pleasure or recreation of

the owner or operator, but no refund of tax may be made under this subsection with respect to fuel used to operate a motor vehicle for which a permit issued under subsection 3 of section 6 of *The Highway Traffic Act* is required or in force, or with respect to fuel used in the operation of any motor vehicle used or intended to be used principally for the recreation or pleasure of its owner or operator.

(3) A refund under this section may be made only where the application therefor is received by the Minister within two years of the date when the tax, a refund of which is claimed, was paid.

(4) Every purchaser who applies for a refund of tax under this section or under section 18 of the Act shall maintain in form satisfactory to the Minister records that show,

- (a) all of such purchaser's acquisitions, inventories and uses of fuel; and
- (b) a differentiation among uses of fuel sufficient to establish to the satisfaction of the Minister the entitlement of the applicant to the refund sought.

(5) Every invoice submitted in support of an application for a refund under this section or under section 18 of the Act shall show clearly,

- (a) the number of gallons of fuel to which the invoice relates;

- (e) the name and address of the vendor; and
- (f) the name and address of the purchaser,

and no refund shall be paid in respect of any invoice or invoices on or in connection with which the applicant has misrepresented a material fact.

(6) Where an application for a refund under this section or under section 18 of the Act is supported in whole or in part by an invoice or invoices on or in connection with which the applicant has misrepresented a material fact, the amount of the refund that may be made by the Minister in respect of the application shall be reduced by the greater of \$5 or 200 per cent of the amount of the refund claimed through the use of the invoice or invoices on or in connection with which the misrepresentation is made. 5a.—(1) In this section, "debtor" means a person to whom a registrant has sold fuel.

(2) Subject to subsection 3, the Minister may, on application by a registrant, refund amounts remitted by the registrant to the Treasurer on account of tax collectable under the Act in the proportion that the sale price, including tax, of the fuel in respect of which the amounts were remitted has become uncollectable by the registrant where,

- (b) the sale was made by the registrant after the 30th day of April, 1972.

- (b) the registrant has demanded in writing payment of the amount payable within one month of the sale and thereafter at regular intervals of not more than one month for a period of six months; and
- (c) the registrant has taken all steps to effect collection that, in the opinion of the Minister, are reasonable.

(5) Where a debtor has become a bankrupt, the registrant shall notify the Minister of the bankruptcy within ten days of the registrant's receipt of the notice of first meeting of creditors, and where the Minister is not so notified, he may refuse to make any refund under this section unless he is satisfied that the Treasurer has suffered no financial loss from the Minister's being unable, through the registrant's failure to give notice of the bankruptcy within the said ten days, to file a proof of claim in the bankruptcy, in which case the Minister may refund to the registrant the whole or such lesser amount of the refund claimed as the Minister determines to be reasonable in the circumstances.

(6) An application required under subsection 2 shall be in a form approved by the Minister and shall be accompanied by such information as the Minister may require.

(7) Where a refund has been made under this section, the tax in respect of which that amount has been remitted to the Treasurer shall remain payable to the Treasurer, and such tax shall be paid to the Treasurer out of any subsequent recovery made by the registrant in accordance with the allocation described in subsection 8.

(8) For the purposes of this section, where a registrant receives payment from or on behalf of a debtor, the registrant shall allocate such receipts, both before and after any refund under this section has been made by the Minister, to outstanding amounts payable by the debtor in the order of date of sale, and proportionately between the tax collectable and the other outstanding amounts payable by the debtor in respect of his purchases from the registrant. THE LANDLORD AND TENANT ACT

O. Reg. 217/76.

Summary of Part IV of the Act.

Made—March 3rd, 1976.

Filed—March 9th, 1976.

REGULATION MADE UNDER THE LANDLORD AND TENANT ACT

SUMMARY OF PART IV OF THE ACT

1. The summary of Part IV of the Act mentioned in clause *d* of subsection 1 of section 104 of the Act shall be in the form set out in the Schedule.
O. Reg. 217/76, s. 1.

Schedule

GENERAL

1. Part IV of *The Landlord and Tenant Act* governs the relationship between landlords and tenants of residential premises, and applies whether the tenancy agreement is written, oral or implied. (ss. 81, 82)

2. Neither a landlord nor a tenant may waive his rights under Part IV of the Act, either orally or by written agreement. (s. 82)

3. If the tenancy agreement is in writing, the landlord must return a signed copy to the tenant not later than twenty-one days after the tenant has delivered a signed copy to the landlord; failure to do so by the landlord relieves the tenant from any obligation (including the payment of rent) under the agreement until the landlord does deliver a copy to him. (s. 83)

SECURITY DEPOSITS

4.—(1) The landlord may demand a security deposit equal to the last month's rent. The landlord must pay the tenant 6 per cent interest annually, as long as he holds this money. When the tenant leaves, at the expiration of the term of the lease, the last month's rent has already been paid.

(2) Security deposits to cover damages or repairs are no longer lawful (except for fixed-term tenancies in mobile home parks that were made before December 18th, 1975; the deposit for damages must be returned when the tenancy agreement is ended or renewed). (s. 85)

SEIZURE OF A TENANT'S PROPERTY

5. It is an offence for a landlord to seize a tenant's personal property, if the tenant is behind in the rent. (s. 86)

SUBLETTING OR ASSIGNING RENTED PREMISES

6.—(1) A tenant, other than one in public or subsidized housing, may sublet or assign the rental accommodation. However, the landlord may have reserved the right in the tenancy agreement to approve the new tenant. The landlord's consent may not be withheld unreasonably or arbitrarily, and the landlord may only charge reasonable and modest expenses for giving consent.

(2) A landlord or tenant may apply to a judge of the county or district court to settle disputes over subletting or assigning premises. (s. 91)

RIGHT TO PRIVACY

7.—(1) Except in emergencies, a landlord or employees of the landlord may not enter the rented premises without giving twenty-four hours' written notice to the tenant, specifying a time during the day. However, a tenancy agreement may give the landlord the right to show the rented premises during reasonable hours, to a prospective tenant, after proper notice to move has been given. A tenant may also allow a landlord to enter the premises at the time of request. (s. 93)

(2) Neither the landlord nor the tenant may change the lock on a door to the rented premises without the other's consent. (s. 95)

8. A landlord cannot keep political canvassers away from rented premises. (s. 94)

REPAIRS AND MAINTENANCE

9.—(1) Part IV requires a landlord to keep the rented premises in good condition and fit for habitation during the tenancy. The landlord must also comply with all legal health, safety and housing standards, no matter what state the premises are in when a tenant moves in. (s. 96 (1))

(2) Tenants are responsible for ordinary cleanliness (good housekeeping) and for repairing any damages they or their guests cause wilfully or negligently. (s. 96 (2))

(3) Under the Act, a tenant may apply to a judge of the county or district court for an order to have repairs done or to authorize repairs for which the tenant has paid. The judge may grant the tenant a decrease in rent for as long a time as the premises were improperly maintained. (s. 96 (3))

(4) In emergencies, the tenant may have crucial repairs done immediately and deduct the amount from the rent. Tenants must have detailed receipts for all work. If the tenant cannot demonstrate that the repairs were necessary and done as inexpensively as possible, the landlord may apply

to the court and the judge may order the tenant to repay the rent which has been withheld. The judge may even allow the landlord to end the tenancy and order the eviction of the tenant. (s. 96 (3))

TERMINATING A TENANCY

10.—(1) Tenancies for a fixed period of time (fixed term) such as six months or one year or eighteen months, do not any longer simply "run out", requiring the tenant to move at the end of the term. Where such a tenancy comes to an end without the landlord or tenant having entered into a new tenancy agreement, the Act provides that the agreement has been renewed as a month-to-month tenancy until both parties agree to another term. Since tenancies will go on indefinitely, landlords or tenants who want to end weekly, monthly, yearly or fixed-term tenancies of residential premises must notify each other in writing.

(2) A landlord and tenant may mutually agree to terminate on a specific date, in writing, during the tenancy, in which case there is no need for notice. (ss. 98-103c)

11.—(1) Notice from either the landlord or the tenant must,

- (a) be in writing and signed by the person giving notice, or his or her agent, and should include the date of signing;
- (b) identify the premises for which notice is given; and
- (c) specify the date the premises are to be vacated (the termination date).

(2) Notice of termination from a landlord must also,

- (a) state the reason and particulars for terminating the tenancy; and
- (b) advise the tenant that if he or she intends to dispute the landlord's claim to possession, he or she need not vacate the premises, but that the landlord may regain possession by applying for an order from the clerk or the judge of the county or district court permitting eviction, and that the tenant is entitled to dispute the landlord's claim. (s. 99 (1))

12.—(1) Notice to end a tenancy by either landlord or tenant has to be given not less than twenty-eight days before the last day of a weekly tenancy and sixty days before the last day of a monthly, year-to-year or fixed-term tenancy. If the notice is late by even one day, it is ineffective and proper notice must be given. (ss. 100-103a)

(2) If a landlord intends to demolish, convert to other use, or extensively repair the premises,

the landlord must give at least 120 days notice before the end of the tenancy. (s. 103*d*)

(3) A landlord may end a tenancy during the life of the agreement, for certain reasons and within special notice periods. (ss. 103*e*, 103*f*)

13.—(1) A tenant may deliver the notice personally to the landlord, or his or her agent, or send it by ordinary mail. When sent by mail, the Act assumes that it is delivered on the third day after the date of mailing. (s. 109)

(2) A landlord must try to deliver a notice to the tenant personally. If the tenant is away or evading service, the notice may be handed to a person apparently eighteen years or older on the tenant's premises, by posting it up in a conspicuous place on the rented premises or by sending it by registered mail to the premises. If notice is mailed, it is assumed to be delivered on the third day after the date of mailing. (s. 109)

14.—(1) A landlord must have a legitimate reason for terminating a tenancy, under Part IV of the Act. The reasons, along with particulars, must be stated in the notice, whether the termination is at the end of a tenancy period or term, or during the term. (s. 99 (1))

(2) If a tenant fails to pay his rent when it is due, a landlord may give notice of termination, specifying a termination date not less than twenty days after notice is given. If the tenant pays the rent within fourteen days of the notice, the notice becomes ineffective. (s. 103*e*)

(3) A landlord may serve a notice of termination under the following circumstances:

1. When a tenant, or his or her guests, cause undue damage to the premises, wilfully or negligently. (s. 103*f* (1) (a))
2. When a tenant, or his or her guests substantially interferes with the reasonable enjoyment of the premises by the landlord or the other tenants. (s. 103*f* (1) (c))
3. When a tenant, or his or her guests, seriously impair the safety or other lawful right, privilege or interest of any other tenants on the premises. (s. 103*f* (1) (d))
4. When the occupants of the premises on a continuing basis exceed the number permitted by health, safety or housing standards. (s. 103*f* (1) (e))

(4) If any of these latter four reasons are given, the landlord must give notice specified to be effective not less than twenty days after the date notice is given. The landlord must also inform the tenant that he has seven days to correct the situation. If, within the seven days, the tenant

complies or satisfies the landlord that the situation will be corrected, the notice is ineffective. If the tenant does not rectify the situation within the seven days, the landlord may apply to the court for an order to evict the tenant. (s. 103*f* (1-3))

(5) If there is a second breach of these obligations by the tenant within a six-month period, the landlord need give only fourteen days notice and may immediately apply to the court for an order permitting the tenant's eviction. (s. 103*f* (4))

15.—(1) A landlord also has cause for early termination if,

- (a) a tenant performs or commits an illegal act, or carries on an illegal business on the premises; or
- (b) a tenant in public or subsidized housing misrepresents his or her income or that of other members of his or her family occupying the residential premises. (s. 103*f* (1) (b) (f))

(2) Where the notice is based on one of these two reasons, the landlord must give notice specified to be effective not less than twenty days after the date the notice is given. The landlord may apply immediately to the court for an eviction order. (s. 103*f* (3))

16.—(1) Each reason for ending a tenancy before the end of the term or rental period also applies to terminating at the end of a term or rental period. (s. 103*g* (3))

(2) The Act recognizes additional causes for termination at the end of a rental period, as follows:

1. If the landlord needs the premises for himself or herself, or a member of his or her immediate family. (To qualify the landlord must give the tenant at least sixty days notice.)
2. The tenant has persistently failed to pay rent on the day it is due. (This cause applies even though the tenant may not be in arrears at the end of the term.)
3. The premises are public or subsidized housing and the tenant no longer qualifies to occupy such premises.
4. The tenant was provided the residential premises by an employer and the tenant's employment is ended.
5. The tenancy arose by virtue of an agreement to purchase a proposed condominium unit, and the agreement fell through.
6. A landlord needs the residential premises for demolition, conversion to use other

than rental-residential premises, or repairs or renovations so extensive as to require a building permit and vacant possession of the premises. (s. 103g (3), s. 103d)

(3) Where the landlord has given a tenant notice of termination at the end of the term or rental period, the landlord may immediately apply to the county or district court for an eviction order to be effective on or after the termination date in the notice. The landlord and tenant also may agree in writing to termination on a specified day. The landlord can enforce the agreement by applying to the court for an eviction order. (s. 103g)

(4) In the event of demolition, conversion to use for a purpose other than rental-residential premises (e.g., a condominium), or to make repairs or renovations so extensive as to require a building permit and vacant possession of the premises, the landlord may give notice specifying a date at or after the end of a tenancy period, and not earlier than 120 days from the date notice is given. (s. 103d (1))

(5) A tenant who gets such a notice has the following choices:

1. The tenant may comply.

2. The tenant may decide to move out on an earlier date, and if so, the tenant must give the landlord at least ten days written notice prior to the time that he or she intends to vacate and pay up any arrears of rent to the date of termination (in the tenant's notice), taking into account any security deposit for rent which may be held by the landlord.

3. The tenant may require the landlord to satisfy a judge that his or her claim is valid, and that he or she has obtained all necessary demolition permits or other authority. (s. 103d (2))

(6) Where the notice relates to extensive repairs or renovations, the tenant may obtain the right of first refusal to occupy the premises as a tenant when the work is completed, by indicating to the landlord in writing that he or she wishes to have this right. To retain the right, the tenant must inform the landlord by registered mail of any change of address. The rent for the premises after the renovation or repairs must be at the lowest rent that would be charged to any other tenant for the same premises. (s. 103d (3))

(7) Special provisions apply to the termination of a tenancy by a caretaker, janitor, manager, watchman, security guard or superintendent. Unless otherwise agreed, the tenancy ends on the day that person's employment is ended. The "caretaker" has one rent-free week from that date in which to vacate the premises. (s. 106b)

17. The landlord has a right to apply to the county or district court for an order declaring a tenancy ended, for an eviction order (writ of possession), for the payment of arrears of rent or compensation, or to enforce a tenant's notice of termination or agreement to terminate, as well as the right to apply for an order to have repairs done at a tenant's expense. (s. 106)

18. In addition to the right to apply for authorization for repairs, a tenant may apply to the court to end a tenancy or have the rent lowered if the landlord failed, in a significant way, to fulfill his or her obligations. The tenant may apply to the court for a return of a rent deposit and the related interest on that deposit. (ss. 96, 106)

COURT MATTERS

19.—(1) If a landlord, or a tenant, wishes to enforce his legal remedies, he may apply to the county or district court. The party against whom the application is made will be notified of the application, and given an opportunity to challenge it in writing, or by appearing before the clerk of the court, in person, or through a representative. If the application is not challenged, notice of the order will be sent to the person against whom application was made. (s. 106)

(2) Landlords and tenants may now be represented before the judge by agents other than lawyers. Recent amendments to the Act are intended to encourage informality in these court hearings, by relaxing the strict rules of evidence. (s. 106e)

EVICCTIONS

20. A tenant may only be evicted by the sheriff and his officers, under the authority of a court order permitting eviction (a writ of possession). (s. 107 (1))

MOBILE HOME PARKS

21.—(1) All of the provisions of the Act also apply to landlords of mobile home parks and owners of mobile homes (not travel or tent trailers) renting these sites in the parks. (s. 81)

(2) Tenants in these parks may sell, lease, or otherwise dispose of their mobile homes, even if the homes remain in the park. The landlord cannot unreasonably or arbitrarily withhold his consent to the new owners remaining in the park. The landlord is entitled only to charge reasonable expenses for giving his consent. Any dispute over landlord's consent may be referred to a county or district court judge. (s. 111 (1-5))

(3) The landlord is not entitled to act as the tenant's agent in the sale, rental or other disposal of the tenant's mobile home, unless there is a written contract to that effect. (s. 111 (6))

(4) Landlords are no longer permitted to charge entry and installation fees or removal and exit fees for mobile homes from the park, or for the granting of a tenancy, except to recover reasonable expenses. (s. 112)

(5) A landlord may not restrict the right of a tenant to purchase goods or services from a person of his or her choice. The landlord may, however, set reasonable standards for mobile home equipment. (s. 113)

(6) Landlords are obliged to provide garbage disposal and snow removal and to maintain roads and services within the mobile home parks. (s. 114)

NOTICE OF RENT INCREASE

22.—(1) A landlord is now required to give a tenant ninety days' notice of a rent increase, setting out the amount of the increase, in addition to his responsibilities under *The Residential Premises Rent Review Act, 1975 (2nd Session)*. The rent review legislation compels a landlord to give notice justifying the increase, which must accompany the notice of a rent increase. (s. 115 (1))

(2) Unless the tenant decides to move out and gives proper, written notice, the tenant is considered to have accepted the amount of rent increase allowed by law. (s. 115 (2))

(3) During the life of the rent review legislation, the tenant does not surrender his right to challenge a rent increase by signing a new tenancy agreement, or by not responding to a landlord's notice of increase. (s. 115 (3))

TENANT'S SECURITY

23. It is an offence for a landlord to harass a tenant out of the premises, or to interfere with the supply of vital services, such as heat or electricity, while the tenant is in occupation. (s. 107 (4))

24.—(1) A judge will refuse a landlord an order permitting eviction if the court finds that the landlord,

(a) has not lived up to his or her fundamental obligations;

(b) wants to evict a tenant because he or she has complained to authorities about the landlord's violation of health, safety or housing laws;

(c) is retaliating against a tenant who sought to exercise his or her legal rights;

(d) wants to evict a tenant because he or she belongs to a tenants' association or is trying to organize one; or

(e) wants to evict a tenant because of the presence of children (except in cases of overcrowding or premises unsuitable for children). (s. 107 (3))

(2) A group of tenants sharing a common problem with a landlord may, if a judge approves, jointly take that landlord to court. Conversely, a landlord may take a group of tenants to court, if a judge approves. (s. 106f)

POSTING

25.—(1) Landlords of residential premises with more than one unit and common facilities, such as a lobby, and landlords of mobile home parks, are required to post a copy of Part IV of *The Landlord and Tenant Act*, or a copy of this summary, in a conspicuous place.

(2) The legal name and address of the landlord, for service, also must be posted. Tenants may take landlords to court in the name which is posted. (s. 104)

PENALTIES

26. *The Landlord and Tenant Act* now provides for fines of up to \$2,000 for offences under the Act. Such offences include interference with vital services, failure to post a copy of Part IV and the legal name and address of the landlord, seizure of the tenants' property for non-payment of rent, and wrongful entry of the rented premises by the landlord. (s. 108)

THE LANDLORD AND TENANT ADVISORY BUREAU

27. The Act permits municipalities to set up landlord and tenant advisory bureaus to give advice and mediate disputes between landlords and tenants, and provide information on residential tenancy matters. It is, however, up to each municipality to set up such a bureau. Landlords or tenants with problems should consult their local municipal offices to determine whether one has been established in their area. (s. 110) O. Reg. 217/76, Sched.

CITY OF TORONTO

SECOND SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its present session, for Special Legislation to provide:

1. That an order issued under the City's standard of housing legislation will no longer state that the owner must repair or demolish the dwelling. All such orders will require the owner to repair the dwelling in accordance with a by-law passed pursuant to the standards of housing legislation. The proposed legislation however preserves the owner's right to demolish providing he complies with any other Act or regulations or by-laws thereunder. The Council may pass by-laws ordering the removal or demolition of any dwelling which in the opinion of the Council is unfit for human habitation or dangerous to the health or safety of persons and which the owner has failed to repair in accordance with an order as confirmed or modified. The existing standards of housing legislation provides the appeal procedure from such a by-law.

2. That notwithstanding section 361 of *The Municipal Act* and the levy made thereunder for 1975 against persons in the Roncesvalles Business Improvement Area, the City may refund the special charge so levied and collected to the persons who have paid it and that the City may assume at its own expense accounts incurred by the Board of Management for the Roncesvalles Business Improvement Area.

3. That notwithstanding any other Act, where land is or is to be acquired for a public park or a public park is to be established or laid out, the Council may pass by-laws to define one or more areas in the City which in the opinion of the Council derives or will derive special benefit from the

acquisition, establishment or laying out and improvement of such public park, and thereafter the Council may levy the cost or any part of the cost of the acquisition, establishment, laying out and improvement of the land for the public park against the lands in the defined area and the cost so levied shall be payable in such number of annual instalments as prescribed by the Council and the cost chargeable against the lands in the defined area shall be apportioned in the same ratio as the assessment of each parcel bears to the total assessment of all parcels in the defined area which are subject to such levy. The proposed legislation will provide that any such levying by-law will be subject to the approval of the Ontario Municipal Board and that Council must give notice of its application for such approval, in such manner as the Ontario Municipal Board directs, to the assessed owners of each parcel of land subject to the levy and such notice shall contain a statement of the total cost to be levied on the land in the defined area, the part of such cost to be apportioned to the particular parcel of land and the number of instalments by which the cost so levied is payable. The proposed legislation will exempt from such levy certain classes of land in respect of which a conveyance of land for park purposes or cash payment in lieu of conveyance has been accepted by the City. Also exempted from such levy would be land in respect of which a contribution was made to the City for public park purposes within ten years of such levy being made to the extent of the contribution made, and land used for residential purposes, other than a hotel or apartment hotel, so long as it continues to be used for residential purposes. The levy will apply to land in the defined area not exempted by the proposed legislation notwithstanding that it is exempt from taxation under any general or special Act. Monies collected by such levy shall be used to defray the cost of the acquisition, establishment, laying out and improvement of land for public park purposes in the defined area. Each and every instalment of the cost so levied is a special lien on the land within section 511 of *The Municipal Act* and may be collected in the same manner as municipal real property taxes. The Council will be authorized by the proposed legislation to prescribe by by-law the terms and conditions upon which such amounts so levied may be commuted for a payment in cash.

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

FIRST GRANT

1. For the purposes of sections 2 and 3 of the Act, the legal and beneficial interest in a housing unit shall be deemed to vest in a person,

(i) an enforceable agreement for purchase and sale of the proposed unit, which agreement the Minister is satisfied is likely to be completed, has been entered into between the builder or owner thereof and the purchaser, and

(ii) the purchaser is entitled to acquire immediate vacant possession of such proposed unit under the terms of that agreement;

(b) in the case of a housing unit in the building of a co-operative corporation, when,

(i) the person has acquired shares or debt obligations of the co-operative corporation of which he is a member, provided such shares or debt obligations are acquired by such person to enable him to occupy a housing unit owned by the co-operative corporation,

(ii) an enforceable occupancy agreement in respect of the unit of the

co-operative corporation has been entered into between the person and the corporation, and

(iii) the person is entitled to acquire immediate vacant possession of such unit under the terms of the occupancy agreement;

(c) in the case of a housing unit that is a mobile home, when,

(i) the person has purchased, or agreed in writing to purchase, the mobile home,

(ii) the mobile home is situated on the land where it is to be inhabited as a housing unit, and

(iii) such land is owned by the person, or is occupied by him under a licence or lease that permits the person to locate thereon the mobile home and to occupy it as his principal residence;

(d) in the case of a housing unit that is built by the owner thereof, when such owner first ordinarily inhabits such unit as his principal residence, provided that, at that time, such unit is situated on land owned, whether jointly or otherwise, by that person;

(e) in the case of a housing unit acquired by the purchase of a lease that,

(i) is a lease of the land on which the housing unit is located,

(ii) contains an option permitting the lessee from time to time in immediate possession under the lease to purchase the fee simple in the reversion of the leased land for an amount not greater than the fair market value, at the time of exercising the option, of the land as vacant land, and

(iii) subject to the earlier exercise of the option described in subclause ii, is for a term of at least thirty years from the date on which the lease that is purchased was granted,

when,

- (iv) an enforceable agreement for purchase and assignment of the lease, which agreement the Minister is satisfied is likely to be completed, has been entered into between the assignor of the lease and the purchaser, and
- (v) the purchaser is entitled, under the terms of his agreement to purchase the lease, to acquire immediate vacant possession of the housing unit located on the land the lease of which he is purchasing;
- (f) in the case of a housing unit that is acquired by entering into or purchasing the lease thereof that is, at the time of its purchase or, in the case of entering into a lease, at the time the lease is executed by the lessor, for a term that cannot expire or be determined, otherwise than by forfeiture, in less than fifty years, when, when,

but the legal and beneficial interest in such housing unit shall not be deemed to vest pursuant to this clause if, in the opinion of the Minister, the rent provided for in the lease, or the purchase price of the lease, as the case may be, does not represent the fair market value of the lease at the time it is purchased or entered into;

- (g) in the case of a housing unit that is purchased under an agreement of purchase and sale that provides that the purchase price, and interest thereon, will be payable by the purchaser in instalments and that, at the expiry after the 30th day of June, 1978 of a term certain specified in the agreement, the title to the housing unit will be transferred to the purchaser, when,
 - (i) the purchaser, in accordance with the terms of such agreement, is entitled to acquire immediate vacant possession of the housing unit,
 - (ii) such agreement of purchase and sale is registered in the proper Land Registry Office, and

- (iii) the vendor's liability under such agreement to transfer title to the housing unit is not conditional on the purchaser's exercising or failing to exercise any option or right in the nature of an option;
- (h) in the case of a housing unit to which neither clause *c* nor *d* applies, that has been purchased as a chattel by the person for the purpose of relocating the unit on land owned by him, whether jointly with another person or otherwise, and that was not, at the time of its purchase, situated on land owned by the purchaser or the spouse of the purchaser, whether jointly with another person or otherwise, when during the period of eligibility,
 - (i) the housing unit is, for the first time, affixed to land owned by the purchaser, whether jointly with another person or otherwise, with the intention of permanently locating such housing unit on such land, and
 - (ii) the deed or transfer that conveys to the person, whether jointly with another person or otherwise, the land on which he has located the housing unit is registered in the proper Land Registry Office;
- (i) in the case of a housing unit to which none of clauses *a* to *h* applies, when,

Approved—March 17th, 1976.

Filed—March 19th, 1976.

REGULATION MADE UNDER
THE EDUCATION ACT, 1974

CALCULATION OF FEES FOR PUPILS

1. In this Regulation,

- (a) "current cost of operating" means, in respect of a board, its current cost of operating for 1976 as defined in section 1 of Ontario Regulation 237/76 except that, in respect of a board appointed under section 68 of the Act, the revenue fund expenditure for 1976 for all furniture and equipment and all debt charges as defined in section 1 of such Regulation are excluded therefrom;
- (b) "pupil accommodation charge" means pupil accommodation charge as defined in section 1 of Ontario Regulation 237/76.

2.—(1) Subject to subsection 2 and to sections 3 and 6, where a board provides instruction for pupils whose fees are receivable from another board or from Canada, the fees shall be calculated by,

- (a) dividing the current cost of operating in respect of elementary schools or secondary schools, as the case may be, of the board for the year in which it provides the instruction by the average daily enrolment for such year of pupils enrolled at such schools; and
- (b) multiplying the average daily enrolment of the elementary or secondary school pupils whose fees are receivable from the other board or from Canada, as the case may be, by the sum of,
 - (i) the amount determined under clause a, and
 - (ii) except where the board that provides the instruction is a board appointed under section 68 of the Act, the pupil accommodation charge for such pupils.

(2) Where a board has entered into an agreement under subsection 2 of section 162 of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the

pupil accommodation charge for each such pupil shall be deemed to be zero.

3. Where a board appointed under section 68 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from any source, the fee for such a pupil shall be calculated by,

- (a) adding to the current cost of operating of the board for the year in which it provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils, and deducting from the total thereof the general legislative grants payable to the board for such year except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause a by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause b by the number of days for which the pupil whose fee is being calculated is enrolled at the school.

4. Where a board, except a board appointed under section 68 of the Act, provides instruction for a pupil in respect of whom fees are required to be paid, other than a pupil whose fees are receivable from another board or from Canada, the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to subsection 4 of section 6, shall not exceed the product obtained by multiplying the average daily enrolment of such pupil for the year in which such instruction is provided by the quotient obtained by dividing,

- (a) the sum of the products, for each municipality and part of territory without municipal organization in the jurisdiction of the board that provides the instruction, of the assessment for the preceding year that is rateable for public, secondary or separate school purposes, as the case may be, the mill rate for such year for such purposes, and 0.001;

by,

- (b) the average daily enrolment for such preceding year of resident-internal pupils and resident-external pupils of the board that provides the instruction.

5. Notwithstanding section 4, where in any year a board provides instruction for a pupil in respect of whom fees are required to be paid and whose parent or guardian does not reside in Ontario, the fees payable by or on behalf of the pupil shall be such

as the board may prescribe but, subject to subsection 4 of section 6, shall not exceed the product obtained by multiplying,

- (a) one-tenth of the sum of the quotient determined under clause *a* of section 2 and the pupil accommodation charge for the pupil;

by,

6.—(1) In this section "high-cost program" means,

provides the instruction and the board from which or the party from whom the fee is receivable.

(3) Subsection 2 applies *mutatis mutandis* in the case of secondary school pupils.

(4) Where a pupil to whom section 4 or 5 applies is registered in a high-cost program, the maximum fees payable in respect of such pupil shall be determined by multiplying the maximum fees under section 4 or 5, as the case may be, by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable.

(5) Where under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators, one arbitrator appointed by the board that provides the instruction, one arbitrator appointed by the board from which or the party from whom the fee is receivable and one arbitrator appointed by the Minister, and the decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned.

7. Where a board, except a board appointed under section 68 of the Act, provides an educational program in a hospital or treatment centre that is not referred to in section 27 of Ontario Regulation 237/76, the fee payable in respect of a pupil who is not qualified to be a resident pupil of the board and for whom such an education program is provided shall be such as may be agreed upon between the board that provides the program and the parent or guardian of the pupil or the board of which the pupil is qualified to be a resident pupil.

8. This Regulation applies to fees for pupils in respect of the year 1976.

APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of The City of Toronto, application will be made to the Legislative Assembly for the Province of Ontario at its next session for Special Legislation to provide:

1. That the City may by by-law assume, from year to year as it falls due, the whole or any part of an owner's portion of a special assessment made in respect to the cost of works done under the authority of a by-law passed pursuant to *The Local Improvement Act*, and upon such by-law being passed, the owner shall be relieved from payment of such special assessment or the part thereof so assumed by the City. The proposed legislation will further provide that neither the assent of the electors nor the approval of the Ontario Municipal Board is required in respect to such by-law.
2. That by-laws dealing with permit parking on City streets would no longer be subject to the approval of the Ministry of Transportation and Communications.
3. That by by-law the City may authorize and person therein named or anyone acting on his behalf to enter on any property to inspect and examine any tree which he believes is in a condition creating an immediate hazard to persons and property, and to remove such tree or otherwise remove the condition creating the hazard, without notice or compensation. When acting under the authority of such by-law, the City will not be liable if reasonable skill, care and judgment are exercised. Any person who is obstructed in doing what is authorized by such by-law may call for the assistance of any constable, and any constable so called has a duty to render such assistance. The City shall have a lien for any amount expended by it or on its behalf under the authority of such by-law, and such amount may be collected in like manner as real property taxes, however, the City may provide such services at its expense in respect to properties owned by any class or classes of persons.

CITY OF TORONTO

SECOND SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its present session, for Special Legislation to provide:

1. That an order issued under the City's standard of housing legislation will no longer state that the owner must repair or demolish the dwelling. All such orders will require the owner to repair the dwelling in accordance with a by-law passed pursuant to the standards of housing legislation. The proposed legislation however preserves the owner's right to demolish providing he complies with any other Act or regulations or by-laws thereunder. The Council may pass by-laws ordering the removal or demolition of any dwelling which in the opinion of the Council is unfit for human habitation or dangerous to the health or safety of persons and which the owner has failed to repair in accordance with an order as confirmed or modified. The existing standards of housing legislation provides the appeal procedure from such a by-law.

2. That notwithstanding section 361 of *The Municipal Act* and the levy made thereunder for 1975 against persons in the Roncesvalles Business Improvement Area, the City may refund the special charge so levied and collected to the persons who have paid it and that the City may assume at its own expense accounts incurred by the Board of Management for the Roncesvalles Business Improvement Area.

3. That notwithstanding any other Act, where land is or is to be acquired for a public park or a public park is to be established or laid out, the Council may pass by-laws to define one or more areas in the City which in the opinion of the Council derives or will derive special benefit from the

acquisition, establishment or laying out and improvement of such public park, and thereafter the Council may levy the cost or any part of the cost of the acquisition, establishment, laying out and improvement of the land for the public park against the lands in the defined area and the cost so levied shall be payable in such number of annual instalments as prescribed by the Council and the cost chargeable against the lands in the defined area shall be apportioned in the same ratio as the assessment of each parcel bears to the total assessment of all parcels in the defined area which are subject to such levy. The proposed legislation will provide that any such levying by-law will be subject to the approval of the Ontario Municipal Board and that Council must give notice of its application for such approval, in such manner as the Ontario Municipal Board directs, to the assessed owners of each parcel of land subject to the levy and such notice shall contain a statement of the total cost to be levied on the land in the defined area, the part of such cost to be apportioned to the particular parcel of land and the number of instalments by which the cost so levied is payable. The proposed legislation will exempt from such levy certain classes of land in respect of which a conveyance of land for park purposes or cash payment in lieu of conveyance has been accepted by the City. Also exempted from such levy would be land in respect of which a contribution was made to the City for public park purposes within ten years of such levy being made to the extent of the contribution made, and land used for residential purposes, other than a hotel or apartment hotel, so long as it continues to be used for residential purposes. The levy will apply to land in the defined area not exempted by the proposed legislation notwithstanding that it is exempt from taxation under any general or special Act. Monies collected by such levy shall be used to defray the cost of the acquisition, establishment, laying out and improvement of land for public park purposes in the defined area. Each and every instalment of the cost so levied is a special lien on the land within section 511 of *The Municipal Act* and may be collected in the same manner as municipal real property taxes. The Council will be authorized by the proposed legislation to prescribe by by-law the terms and conditions upon which such amounts so levied may be commuted for a payment in cash.

CITY OF TORONTO

SECOND SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its present session, for Special Legislation to provide:

1. That an order issued under the City's standard of housing legislation will no longer state that the owner must repair or demolish the dwelling. All such orders will require the owner to repair the dwelling in accordance with a by-law passed pursuant to the standards of housing legislation.

The proposed legislation however preserves the owner's right to demolish providing he complies with any other Act or regulations or by-laws thereunder. The Council may pass by-laws ordering the removal or demolition of any dwelling which in the opinion of the Council is unfit for human habitation or dangerous to the health or safety of persons and which the owner has failed to repair in accordance with an order as confirmed or modified. The existing standards of housing legislation provides the appeal procedure from such a by-law.

2. That notwithstanding section 361 of *The Municipal Act* and the levy made thereunder for 1975 against persons in the Roncesvalles Business Improvement Area, the City may refund the special charge so levied and collected to the persons who have paid it and that the City may assume at its own expense accounts incurred by the Board of Management for the Roncesvalles Business Improvement Area.

3. That notwithstanding any other Act, where land is or is to be acquired for a public park or a public park is to be established or laid out, the Council may pass by-laws to define one or more areas in the City which in the opinion of the Council derives or will derive special benefit from the acquisition, establishment or laying out and improvement of such public park, and thereafter the Council may levy the cost or any part of the cost of the acquisition, establishment, laying out and improvement of the land for the public park against the lands in the defined area and the cost so levied shall be payable in such number of annual instalments as prescribed by the Council, and the cost chargeable against the lands in the defined area shall be apportioned in the same ratio as the assessment of each parcel bears to the total assessment of all parcels in the defined area which are subject to such levy. The proposed legislation will provide that any such levying by-law will be subject to the approval of the Ontario Municipal Board and that Council must give notice of its application for such approval, in such manner as the Ontario Municipal Board directs, to the assessed owners of each parcel of land subject to the levy and such notice shall contain a statement of the total cost to be levied on the land in the defined area, the part of such cost to be apportioned to the particular parcel of land and the number of instalments by which the cost so levied is payable. The proposed legislation will exempt from such levy certain classes of land in respect of which a conveyance of land for park purposes or cash payment in lieu of conveyance has been accepted by the City. Also exempted from such levy would be land in respect of which a contribution was made to the City for public park purposes within ten years of such levy being made to the extent of the contribution made, and land used for residential purposes, other than a hotel or apartment hotel, so long as it continues to be used for residential purposes. The levy will apply to land in the defined area not exempted by the proposed legislation notwithstanding that it is exempt from taxation

under any general or special Act. Monies collected by such levy shall be used to defray the cost of the acquisition, establishment, laying out and improvement of land for public park purposes in the defined area. Each and every instalment of the cost so levied is a special lien on the land within section 511 of *The Municipal Act* and may be collected in the same manner as municipal real property taxes. The Council will be authorized by the proposed legislation to prescribe by by-law the terms and conditions upon which such amounts so levied may be commuted for a payment in cash.

CITY OF TORONTO

SECOND SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its present session, for Special Legislation to provide:

1. That an order issued under the City's standard of housing legislation will no longer state that the owner must repair or demolish the dwelling. All such orders will require the owner to repair the dwelling in accordance with a by-law passed pursuant to the standards of housing legislation. The proposed legislation however preserves the owner's right to demolish providing he complies with any other Act or regulations or by-laws thereunder. The Council may pass by-laws ordering the removal or demolition of any dwelling which in the opinion of the Council is unfit for human habitation or dangerous to the health or safety of persons and which the owner has failed to repair in accordance with an order as confirmed or modified.

The existing standards of housing legislation provides the appeal procedure from such a by-law.

2. That notwithstanding section 361 of *The Municipal Act* and the levy made thereunder for 1975 against persons in the Roncesvalles Business Improvement Area, the City may refund the special charge so levied and collected to the persons who have paid it and that the City may assume at its own expense accounts incurred by the Board of Management for the Roncesvalles Business Improvement Area.

3. That notwithstanding any other Act, where land is or is to be acquired for a public park or a public park is to be established or laid out, the Council may pass by-laws to define one or more areas in the City which in the opinion of the Council derives or will derive special benefit from the acquisition, establishment or laying out and improvement of such public park, and thereafter the Council may levy the cost or any part of the cost of the acquisition, establishment, laying out and improvement of the land for the public park against the lands in the defined area and the cost so levied shall be payable in such number of annual instalments as prescribed by the Council, and the cost chargeable against the lands in the defined area shall be apportioned in the same ratio as the assessment of each parcel bears to the total assessment of all parcels in the defined area which are subject to such levy. The proposed legislation will provide that any such levying by-law will be subject to the approval of the Ontario Municipal Board and that Council must give notice of its application for such approval, in such manner as the Ontario Municipal Board directs, to the assessed owners of each parcel of land subject to the levy and such notice shall contain a statement of the total cost to be levied on the land in the defined area, the part of such cost to be apportioned to the particular parcel of land and the number of instalments by which the cost so levied is payable. The proposed legislation will exempt from such levy certain classes of land in respect of which a conveyance of land for park purposes or cash payment in lieu of conveyance has been accepted by the City. Also exempted from such levy would be land in respect of which a contribution was made to the City for public park purposes within ten years of such levy being made to the extent of the contribution made, and land used for residential purposes, other than a hotel or apartment hotel, so long as it continues to be used for residential purposes. The levy will apply to land in the defined area not exempted by the proposed legislation notwithstanding that it is exempt from taxation under any general or special Act. Monies collected by such levy shall be used to defray the cost of the acquisition, establishment, laying out and improvement of land for public park purposes in the defined area. Each and every instalment of the cost so levied is a special lien on the land within section 511 of *The Municipal Act* and may be collected in the same manner as municipal real property taxes. The Council will be authorized by the proposed legislation to prescribe by by-law the

terms and conditions upon which such amounts so levied may be commuted for a payment in cash.

Dated at Toronto this 18th day of March, 1976.

CITY OF TORONTO

SECOND SUPPLEMENTARY NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario at its present session, for Special Legislation to provide:

1. That an order issued under the City's standard of housing legislation will no longer state that the owner must repair or demolish the dwelling. All such orders will require the owner to repair the dwelling in accordance with a by-law passed pursuant to the standards of housing legislation. The proposed legislation however preserves the owner's right to demolish providing he complies with any other Act or regulations or by-laws thereunder. The Council may pass by-laws ordering the removal or demolition of any dwelling which in the opinion of the Council is unfit for human habitation or dangerous to the health or safety of persons and which the owner has failed to repair in accordance with an order as confirmed or modified. The existing standards of housing legislation provides the appeal procedure from such a by-law.

2. That notwithstanding section 361 of *The Municipal Act* and the levy made thereunder for 1975 against persons in the Roncesvalles Business Improvement Area, the City may refund the special charge so levied and collected to the persons who have paid it and that the City may assume at its own expense accounts incurred by the Board of Management for the Roncesvalles Business Improvement Area.

3. That notwithstanding any other Act, where land is or is to be acquired for a public park or a public park is to be established or laid out, the Council may pass by-laws to define one or more areas in the City which in the opinion of the Council derives or will derive special benefit from the acquisition, establishment or laying out and improvement of such public park, and thereafter the Council may levy the cost or any part of the cost of the acquisition, establishment, laying out and improvement of the land for the public park against the lands in the defined area and the cost so levied shall be payable in such number of annual instalments as prescribed by the Council, and the cost chargeable against the lands in the defined area shall be apportioned in the same ratio as the assessment of each parcel bears to the total assessment of all parcels in the defined area which are subject to such levy. The proposed legislation will provide that any such levying by-law will be subject to the approval of the Ontario Municipal Board and that Council must give notice of its application for such approval, in such manner as the Ontario Municipal Board directs, to the assessed owners of each parcel of land subject to the levy and such notice shall contain a statement of the total cost to be levied on the land in the defined area, the part of such cost to be apportioned to the particular parcel of land and the number of instalments by which the cost so levied is payable. The proposed legislation will exempt from such levy certain classes of land in respect of which a conveyance of land for park purposes or cash payment in lieu of conveyance has been accepted by the City. Also exempted from such levy would be land in respect of which a contribution was made to the City for public park purposes within

ten years of such levy being made to the extent of the contribution made, and land used for residential purposes, other than a hotel or apartment hotel, so long as it continues to be used for residential purposes. The levy will apply to land in the defined area not exempted by the proposed legislation notwithstanding that it is exempt from taxation under any general or special Act. Monies collected by such levy shall be used to defray the cost of the acquisition, establishment, laying out and improvement of land for public park purposes in the defined area. Each and every instalment of the cost so levied is a special lien on the land within section 511 of *The Municipal Act* and may be collected in the same manner as municipal real property taxes. The Council will be authorized by the proposed legislation to prescribe by by-law the terms and conditions upon which such amounts so levied may be commuted for a payment in cash.

B. For the purposes of this Part I,

- (1) the spouse of head of household shall be deemed to be the spouse with the lesser income in the year preceding the date of death;

- (5) the total amount payable with respect to death due to a common disaster of head of household and spouse shall be divided equally between surviving dependent children or dependent parents;

- (d) any such weekly benefit will be reduced by the amount of the Old Age Pension and any retirement pension under the Canada Pensions Plan, as established when the insured person first became eligible therefor.

There shall be no right to an appraisal until a specific demand therefor is made in writing and until after proof of loss has been delivered.

 - (b) the refund shall accompany the notice unless the premium is subject to adjustment or determination as to the amount, in which case the refund shall be made as soon as practicable.
- (3) Where this contract is terminated by the insured, the Insurer shall refund as soon as practicable the excess of premium actually paid by the insured over the short rate premium for the expired time, but in no event shall the short rate premium for the expired time be deemed to be less than any minimum retained premium specified.
- (4) The refund may be made by money, postal or express company money order or cheque payable at par.
